

A woman with long dark hair, wearing a light blue striped button-down shirt, is smiling warmly at the camera. She is holding a small white jar of cream labeled "ENERGIA" with both hands. The background is a blurred pharmacy setting with shelves of various products, including boxes of "PIL" and "ENERGIA".

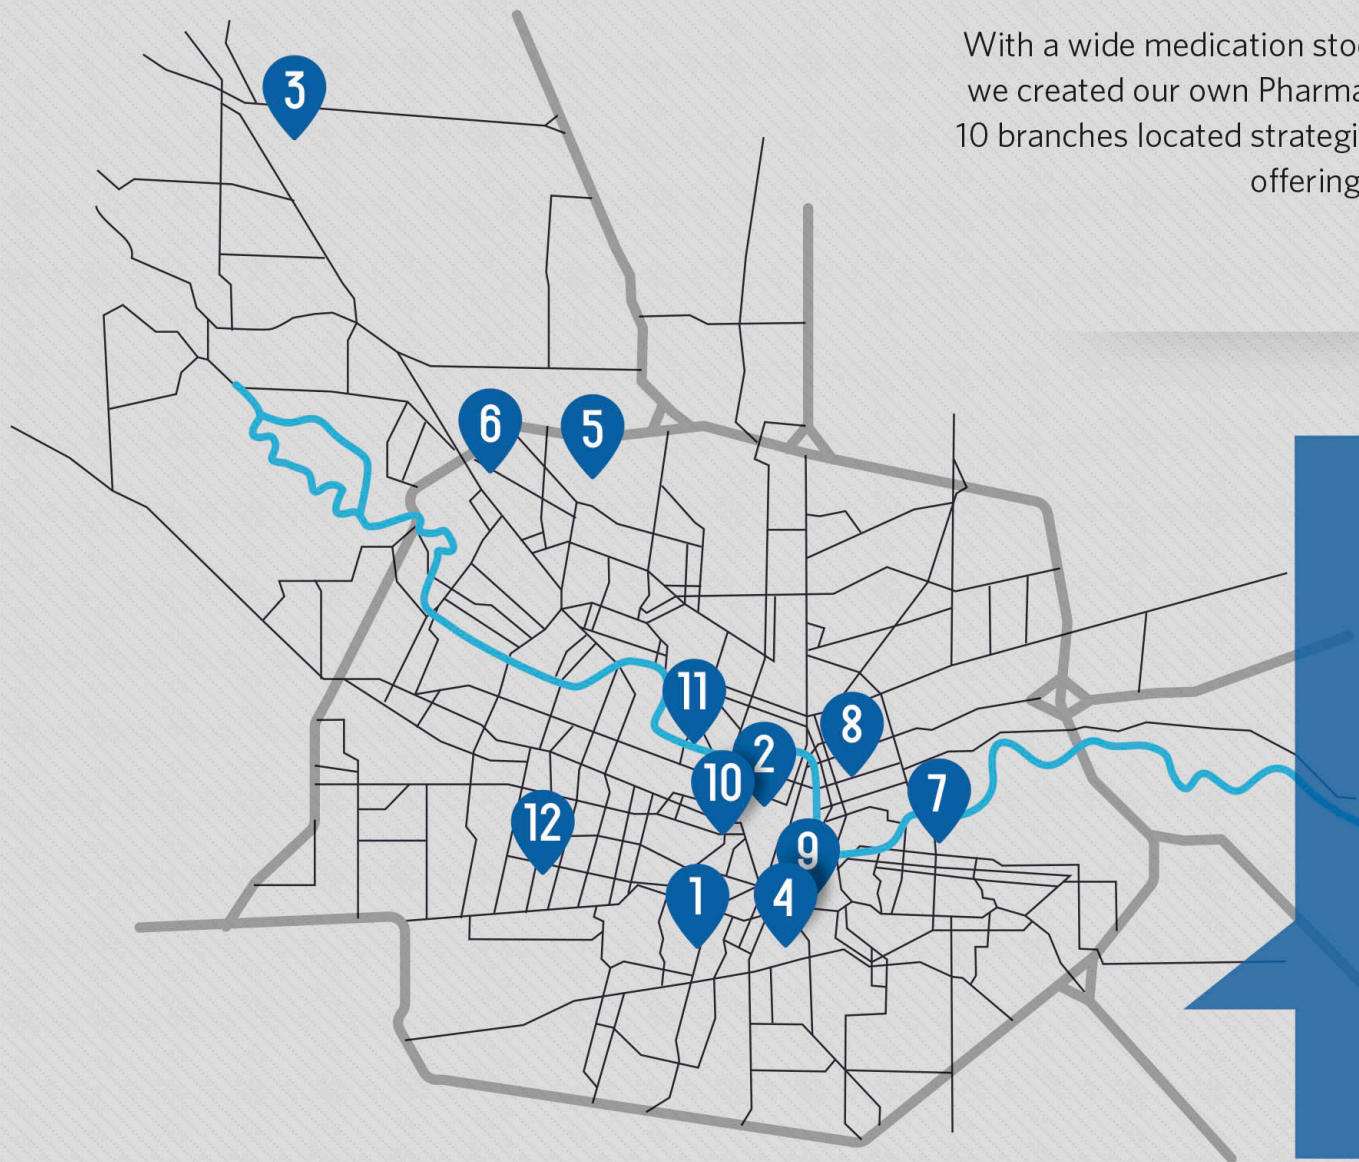

SERVICE AND PROXIMITY

A network of
pharmacies that brings
us closer to our patients.

20 years ago we started a process
of pharmacy expansion with the
purpose to satisfy the needs
of our patients.

With a wide medication stock, beauty and personal care products, we created our own Pharmacy network. Today we have more than 10 branches located strategically in different areas of Córdoba city, offering special prices and sales to our clients.
